LOCALS SUPPORTING LOCALS

Our Rotary club is proud to support the Townsville community.

Port of Townsville have an active membership representing a broad cross section of local residents and occupations, sharing in friendship and community spirit. Through meetings, social events and volunteering, our members learn and support local community and international issues.

We help support local community groups including, Women's Domestic Violence Centre, Food Bank NQ, Mission to Seafarers, The Maritime Museum and we recently sponsored the Merv Short Award at JCU.

Get involved! We would love to have you join us. Come along to a meeting on **Monday 6.30pm at Tom's Tavern** and meet our fantastic members, and learn how you can make a difference!

WHAT ARE YOUR CHILDCARE OPTIONS?

Choosing the right childcare for you and your family can be a difficult decision. The service you choose will depend on the needs of you and your family. The following information can help you to decide which type of care best meets your needs and those of your child and family.

1. Centre based Childcare Services

Long day care centres usually operate for extended hours Monday to Friday.

Kindergarten provides care and education for children in the years before prep. Some Kindergarten also enrol children aged three to five years. This is a Queensland Government subsidised program to support children's preparation and transition to school.

Before and After School Care/ Outside School Hours Care is an opportunity for children to relax and play in supervised environments before school, after school or during school holidays.

2. Home based Childcare Services

Family day care provides care and education for a small group of children in a home environment.

3. Low or No Cost Options

Occasional and casual care options provide education and care on a casual basis or for short periods.

Play Groups help parents and children come together to learn, play, and interact in a safe environment.

CHOOSING THE CHILDCARE SERVICES RIGHT FOR YOU

We live in a diverse, multicultural society. Every family will have its own ideals and values for their children, just as every childcare service will have its own unique qualities. The childcare you choose should be one you and your children feel comfortable with and one that provides opportunities for children to develop and grow.

1. Parent's checklist when looking for the right childcare service

When- You need to start considering when you will need care in advance, especially if you are returning to work from maternity leave. Start looking and planning your options early to avoid missing a place.

Type of service - Consider the age of your child when they will start care and how many hours you require. This will help determine the type of service you require.

Location - Check it is conveniently situated from home or work.

Environment - Do the play spaces (inside and out) and sleeping arrangements meet your child's needs.

Meals - Do you want to provide your own food or are you looking for meals to be provided?

What - Ask what programs and services the centre provides when you visit. Do they have an active learning environment to develop your child's thinking, skills, interests, and abilities?

Qualifications - Ask what qualifications the educators have and what training is provided to continue upskilling them.

2. Methods for finding the right Childcare Services for you.

The following websites can help you to decide which type of care best meets the need of you and your children.

Starting Blocks: To find a Queensland Government approved childcare service in your area, visit <https://www.startingblocks.gov.au/find-child-care/>

National registers: Search for service locations, contact details, and quality rating information on the Australian Children's Education and Care Quality Authority website.

<https://www.acecqa.gov.au/resources/national-registers>

3. Complaints and Queries

If you have issues about the quality of childcare service, you can make a complaint to the Queensland Department of Education.

For further information visit <https://earlychildhood.qld.gov.au/contact-us/complaints#making>

CHILDCARE BENEFITS

1. Australian Government Benefits

Childcare Subsidy pays directly to approved childcare providers on your behalf to reduce your fees.

Additional Child Care Subsidy is a top-up payment in addition to the childcare subsidy that helps families facing financial barriers. This is facilitated through the childcare service and special conditions apply.

2. Queensland Government Benefits

QKFS Plus Kindy Support is available to eligible families with a child enrolled in an approved kindergarten program and provided directly to your service provider to reduce your out-of-pocket expenses.

For further information visit <https://www.qld.gov.au/families/babies/childcare/rebates>

INCLUSION SUPPORT PROGRAM (ISP)

The Inclusion Support Program (ISP) provides support for eligible mainstream Early Childhood Education and Care (ECEC) services to build their capacity and capability to include children with additional needs, alongside their typically developing peers, so all children have genuine opportunities to access, participate, and achieve positive learning outcomes. Support can include funding to address inclusion barriers and specialist equipment where required so that all children are able to participate meaningfully and experience a true sense of belonging within the program.

The program also aims to provide parents or carers of children with additional needs with access to appropriate and inclusive ECEC services that assist those parents or carers to increase their activity including work, study, and training. Some children may require specific considerations or adaptations to participate fully in ECEC services.

Additional needs may arise for children who:

- Have a disability or developmental delay
- Are presenting with challenging behaviours
- Have a serious medical or health condition, including mental health and trauma-related behaviour

Meeting the needs and requirements of:

- Aboriginal and Torres Strait Islander children
- Children from culturally and linguistically diverse backgrounds
- Children from refugee or humanitarian backgrounds

HOW DO I KNOW IF A SERVICE IS INCLUSIVE AND WHAT DO I LOOK FOR?

When you are seeking care options, an ECEC service may invite you for a tour and/or playdates at the service. During this time, you will be able to view care environments, share information about your child, and ask questions that are important to you.

An ECEC service that is already actively engaged with Inclusion Support QLD will have an 'Our service values inclusion' sticker prominently displayed, and it will be accompanied by a coloured star to demonstrate every year they have continued to be an inclusion-ready service.

Inclusion within the context of ECEC recognises the right of every child to participate meaningfully in all aspects of community life. Active and meaningful participation is not the same as just enrolling in or attending an ECEC service. Inclusion happens when children are viewed as capable and valued contributors as opposed to having deficits that need to be fixed. Inclusion is about human diversity, where each child is viewed as being unique.

True inclusive practice values diversity as a resource that informs all policy and practice.

ISP has a network of Inclusion Hubs across Australia to contact the local Townsville Hub please call 4724 3370 or email susan.wilkinson@iaqld.com.au
